## LIABILITIES AND EXPENSES

This section of the return should give the court an accounting of how funds were spent during the reporting period covered by this return. You will also give a projected monthly and a projected yearly approximation of expenses to be incurred during the next reporting period following the one covered by this return. The Probate Court will use this information to determine the maximum allotment the guardian will be allowed to spend on a monthly basis. If the guardian finds cause to exceed that allotment, the guardian will need to file an encroachment.

Disbursements from the reporting period covered by this return MUST be EXACT FIGURES. Approximations are not acceptable. However, the projected expenses for the next reporting period may be approximations based on current average monthly expenditures.
