INDEPENDENT AUDITORS' REPORT

**To the Board of Commissioners
Catoosa County, Georgia**

Report on the Audit of the Financial Statements

Opinions

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component unit, each major fund, and the aggregate remaining fund information of Catoosa County, Georgia, as of and for the year ended September 30, 2022, and the related notes to the financial statements, which collectively comprise the Catoosa County, Georgia's basic financial statements as listed in the table of contents.

In our opinion, based on our audit and the report of the other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Catoosa County, Georgia, as of September 30, 2022, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

We did not audit the financial statements of the aggregate discretely presented component unit, which represent 100% of the assets, net position, and revenues of the component unit activities as of June 30, 2022, and the respective changes in financial position thereof for the year then ended. Those statements were audited by other auditors whose report has been furnished to us, and our opinions, insofar as it relates to the amounts included for the aggregate discretely presented component unit, are based solely on the report of the other auditors.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Catoosa County, Georgia and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation,

	2215 Olan Mills Drive	jhmcpa.com	37421	423 756 0052 t
	Chattanooga, Tennessee	iii		423 267 5945 f

and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Catoosa County, Georgia's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Catoosa County, Georgia's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Catoosa County, Georgia's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages vi-xv and required supplementary information on pages 47-61 be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We and other auditors have applied certain limited procedures to the

required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Catoosa County, Georgia's basic financial statements. The accompanying combining nonmajor fund financial statements, custodial funds financial statements, financial schedules, and schedule of expenditures of federal awards, as required by Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* are presented for purposes of additional analysis and are not a required part of the basic financial statements. The schedule, is also not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion and of the other auditors, the combining nonmajor fund financial statements, custodial fund financial statements, financial schedules, and the schedule of expenditures of federal awards are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated March 30, 2023, on our consideration of Catoosa County, Georgia's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Catoosa County, Georgia's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Catoosa County, Georgia's internal control over financial reporting and compliance.

Catoosa County, Georgia
Management's Discussion and Analysis
For the Year Ended September 30, 2022

Management's discussion and analysis provides an objective and easily readable analysis of the Government's financial activities. The analysis provides summary financial information for Catoosa County and should be read in conjunction with the Government's financial statements.

OVERVIEW OF THE FINANCIAL STATEMENTS

The Government's basic financial statements comprise three components: (1) *Government-wide financial statements*, (2) *Fund financial statements*, and (3) *Notes to the financial statements*. The *Government-wide financial statements* present an overall picture of the Government's financial position and results of operations. The *Fund financial statements* present financial information for the Government's major funds. The *Notes to the financial statements* provide additional information concerning the Government's finances that are not disclosed in the Government-wide or Fund financial statements. This report also contains other supplementary information in addition to the basic financial statements.

The *Government-wide financial statements* are the Statement of Net Position and the Statement of Activities. These statements use accounting methods like those used by private-sector companies. Emphasis is placed on the net position of governmental activities and business-type activities and the change in net position. Governmental Activities are primarily supported by property taxes, sales taxes, other taxes, federal and state grants, fines, and charges for services. Business-type activities are supported by charges to the users of those activities.

The Statement of Net Position presents information on all assets and liabilities of the Government, with the difference between assets and liabilities reported as net position. Net position is reported in four categories: (1) net investment in capital assets (2) assigned, (3) restricted and (4) unrestricted. Assets, liabilities, and net position are reported for all Governmental activities separate from the assets, liabilities, and net position of Business-type activities. In addition, assets, liabilities, and net position are reported for the Catoosa County Health Department which is considered a component unit of the Government.

The Statement of Activities presents information on all revenues and expenses of the Government and the change in net position. Expenses are reported by major function and program revenues relating to those functions are reported, providing the net cost of all functions provided by the Government. To assist in understanding the Government's operations, expenses have been reported as governmental activities or business-type activities. Governmental activities financed by the Government include public safety, judicial, public works, health and welfare, culture and recreation, and general government services. Business-type activities financed by user charges include storm water and solid waste collections. Again, expenses and revenues of the component unit are reported separately from the primary Government's financial information.

Fund financial statements present financial information for governmental funds, proprietary funds, and fiduciary funds. These statements provide financial information for the major funds of Catoosa County. Governmental fund financial statements provide information on the current assets and liabilities of the funds, changes in current financial resources (revenues and expenditures), and current available resources. The proprietary funds financial statements

provide information on all assets and liabilities of the funds, changes in the economic resources (revenues and expenses), and total economic resources. The statement of fiduciary net position provides information concerning assets held in trust by the Government on behalf of others.

Fund financial statements include a balance sheet and a statement of revenues, expenditures, and changes in fund balances for all governmental funds. A schedule of revenues, expenditures, and changes in fund balances – budget and actual, is provided as required supplementary information for the Government’s General Fund. For the proprietary funds a statement of net position; a statement of revenues, expenses, and changes in fund net position; and a statement of cash flows are presented. A statement of fiduciary changes in assets and liabilities is presented for the Government’s agency funds. *Fund financial statements* provide more detailed information about the Government’s activities. Individual funds are established to track revenues that are restricted to certain uses, comply with legal requirements, or account for the use of state and federal grants.

The *Government-wide financial statements* and the *Fund financial statements* provide different pictures of the Government. The *Government-wide financial statements* provide an overall picture of the Government’s financial standing, split between Governmental Activities and Business-type Activities. These statements are comparable to private-sector companies and give a good understanding of the Government’s overall financial health and how the Government paid for the various activities, or functions, provided by the Government. All assets including land, buildings, equipment, and infrastructure (which include storm water systems, roads, bridges, traffic signals, etc.) are reported in the Statement of Net Position. All liabilities, including principal outstanding on bonds, capital leases, and future employee benefits obligated but not paid by the Government are reported in the Statement of Net Position. Transactions between the different functions of the Government, however, have been eliminated to avoid a duplication of the revenues and expenses. The *Fund financial statements* provide a picture of the major funds and a column for all non-major funds. In the case of governmental activities, outlays for long lived assets are reported as expenditures, and long-term liabilities, such as general obligation bonds, are not included in the fund financial statements. To provide a link from the *Fund financial statements* to the *Government-wide financial statements*, reconciliation is provided from the *Fund financial statements* to the *Government-wide financial statements*.

The *Notes to the financial statements* provide additional detail concerning the financial activities and financial balances of the Government. Additional information about the accounting practices of the Government; investments of the Government, long-term debt, and the pension plan are some of the items included in the Notes. The notes to the financial statements can be found on pages 15 to 44 of this report.

Please note that throughout our comparative summaries that follow, we did not restate fiscal year 2021 for GASB 87 leases. GASB 87 was implemented in fiscal year 2022.

FINANCIAL ANALYSIS OF THE COUNTY AS A WHOLE

Catoosa County's total assets exceeded total liabilities by \$452.6 million (net position). Total net position for governmental activities was \$457.8 million; total net position for business-type activities was a deficit in the amount of \$5.2 million. The following table provides a summary of the County's net position:

STATEMENT OF NET POSITION (\$ IN MILLIONS)

	Governmental		Business-Type		Total Primary	
	2022	2021	2022	2021	2022	2021
Assets:						
Current and Other Assets	\$ 73.6	\$ 56.6	\$ (1.1)	\$ (1.0)	\$ 72.5	\$ 55.6
Capital Assets	395.7	396.5	3.1	2.9	398.8	399.4
Total Assets	469.3	453.1	2.0	1.9	471.3	455.0
Total Deferred Outflows of Resources:						
	-	-	-	-	-	-
Liabilities:						
Current and Other Liabilities	2.3	3.0	-	-	2.3	3.0
Long-Term Liabilities	1.9	1.9	7.2	6.9	9.1	8.8
Total Liabilities	4.2	4.9	7.2	6.9	11.4	11.8
Total Deferred Inflows of Resources						
	7.3	6.3	-	-	7.3	6.3
Net Position:						
Invested in Capital Assets	394.7	395.6	3.1	2.9	397.8	398.5
Restricted	38.5	25.5	-	-	38.5	25.5
Unrestricted	24.5	20.8	(8.2)	(7.9)	16.3	12.9
Total Net Position	\$ 457.8	\$ 441.9	\$ (5.2)	\$ (5.0)	\$ 452.6	\$ 436.9

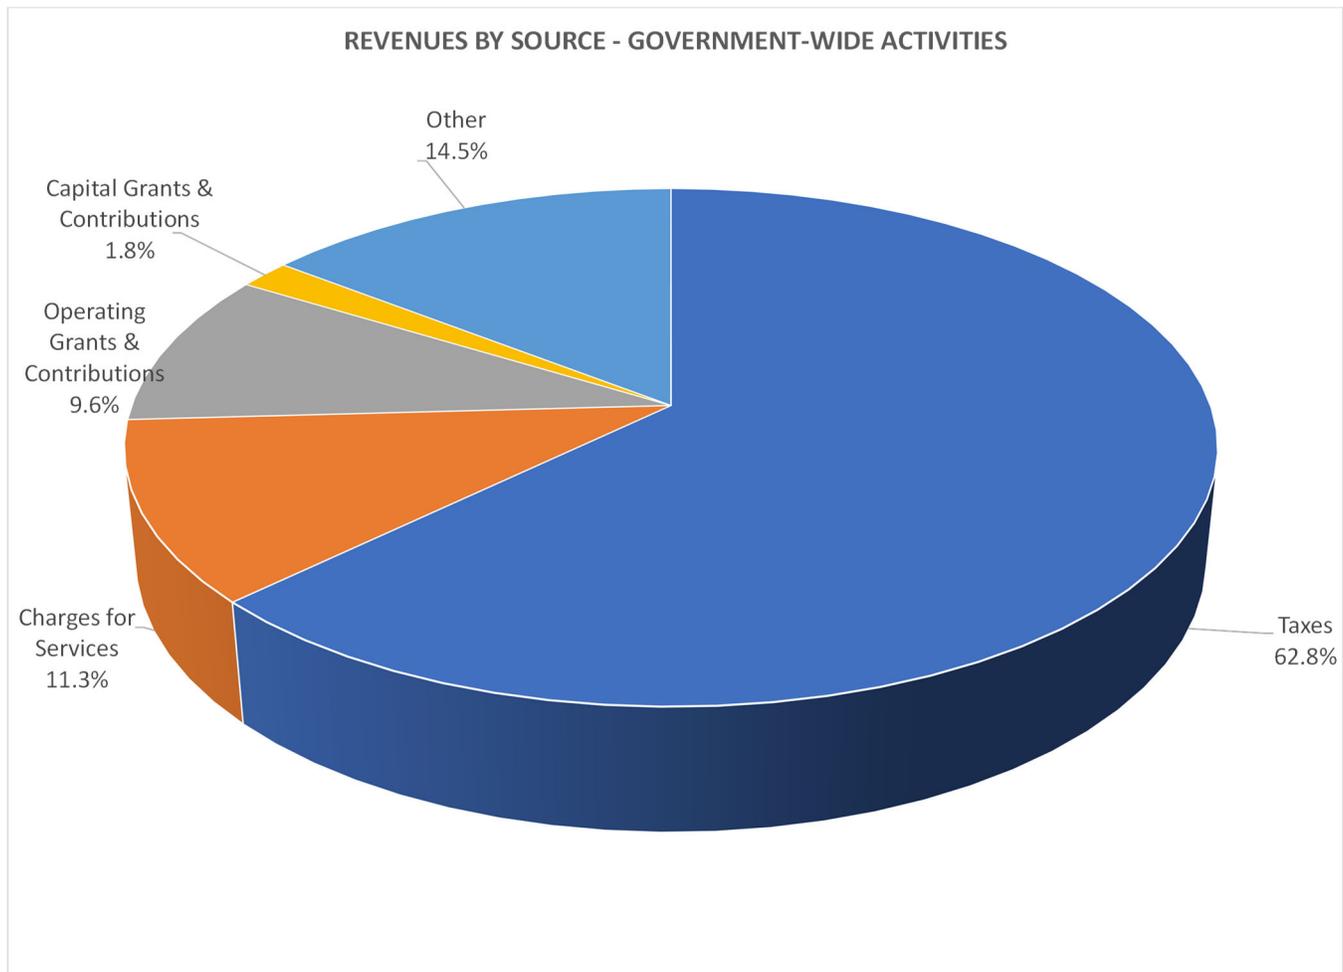

Total net position increased by \$15.7 million, with \$15.9 million of the increase from governmental activities and a decrease of \$200 thousand from business-type activities. The increase in the assets of \$16.3 million is due to an increase in current and other assets of \$16.9 million partially offset by a decrease in capital assets of \$0.6 million. The increase in current and other assets is the result of increases of \$15.7 million in cash, cash equivalents and CD's, \$200 thousand in other tax receivables and \$300 thousand in prepaid supplies. The decrease in capital assets is the result of depreciation of \$14.4 million and dispositions of \$0.4 million partially offset by increases for capital additions of \$14.2 million. Liabilities decreased \$400 thousand with decreases of \$700 thousand in accounts payable partially offset by an increase of \$300 thousand in long-term liabilities for business-type activities. Net capital assets in the amount of \$397.8 million comprised the bulk of the net assets of the County. This includes land, buildings, equipment, capital improvements, and infrastructure as well as assets currently under construction. Restricted net assets in the amount of \$38.5 million are mainly comprised of the SPLOST Funds, Capital Projects Funds, Economic Development Fund, Confiscated Assets Fund and DATE Fund. The positive balance in unrestricted net assets of \$16.3 million is composed of a positive balance of \$24.5 million in governmental activities, mainly the General Fund reserve balance, and a negative of \$8.2 million in the business-type activities due to the negative fund equity in the Solid Waste Management Authority which is mainly a result of accrued landfill post closure care costs.

A comparative summary of the County's changes in net position is presented below:

CATOOSA COUNTY, GEORGIA						
STATEMENT OF NET POSITION						
(\$ IN MILLIONS)						
	Governmental Activities		Business-Type Activities		Total Primary Government

Total Net Position	\$ 457.8	\$ 441.9	\$ (5.2)	\$ (5.0)	\$ 452.6	\$ 436.9

Catoosa County's total government-wide revenues for 2022 were \$76.6 million, an increase of \$21.5 million from \$55.1 million in 2021. The increase was the result of \$9.8 million in donated assets to the Development Authority, \$5.8 million in Federal American Rescue Plan funds, \$3.4 million in additional taxes (including \$1.6m in SPLOST & \$1m in LOST), \$1.3 million in rental income and \$1.2 million in other revenues.

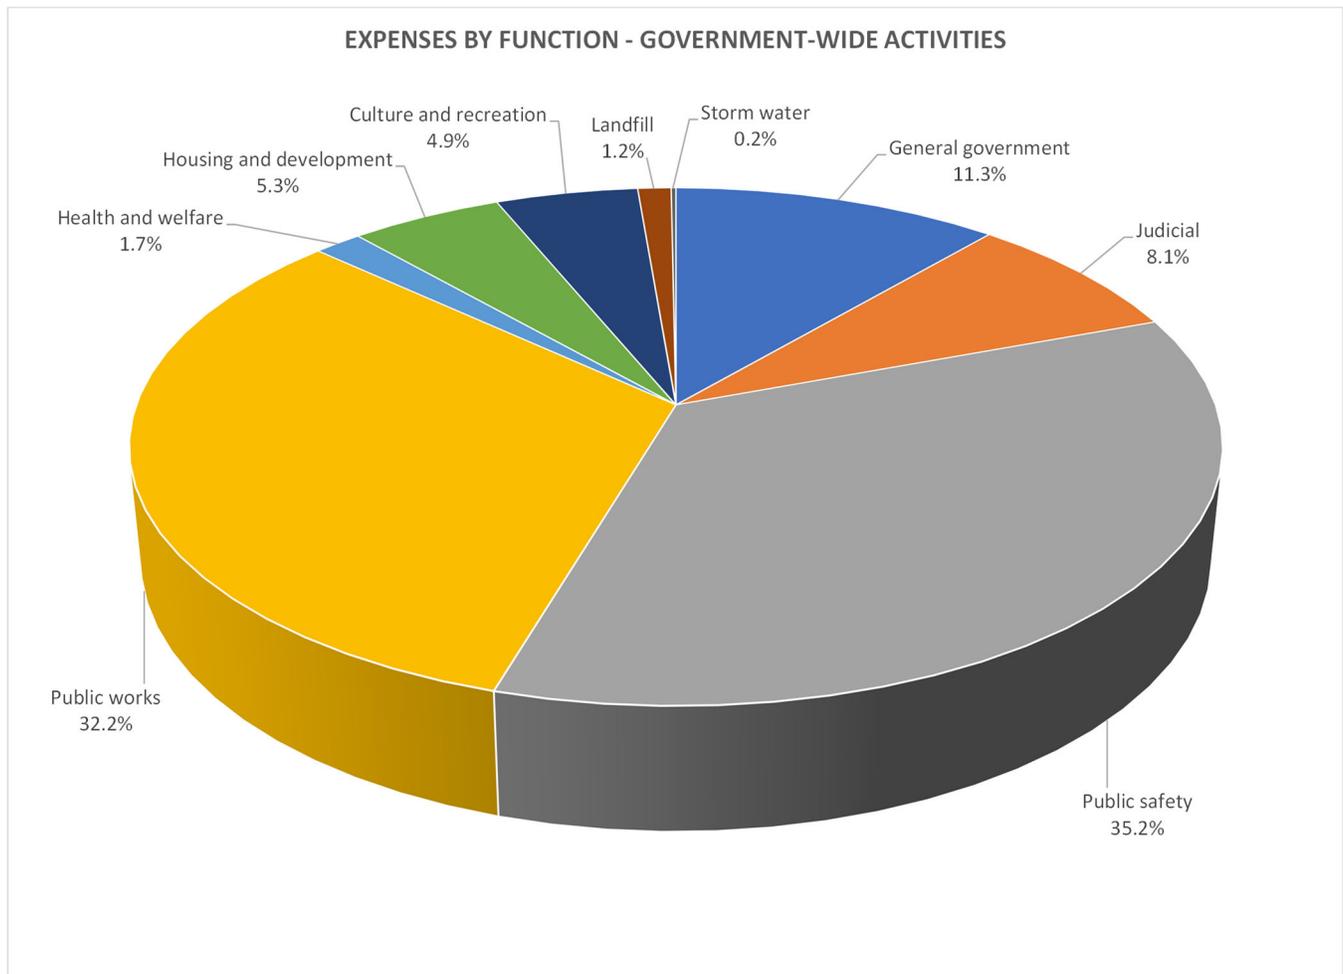

The chart below depicts the distribution of the government-wide revenues by source.

As indicated by the revenues chart, taxes were the largest source of revenue. The largest groups of taxes are property tax, sales tax, and insurance premium tax. The next largest source is charges for services. These charges include licenses and permits, fines and forfeitures related to judicial activity, fees charged through various County governmental departments, and others.

Catoosa County's total government-wide expenses for 2022 were \$60.8 million, an increase of \$2.0 million from \$58.8 million for 2021. The increase was a result of increases of \$900 thousand in housing and development, \$700 thousand in judicial, \$500 thousand in public works, and \$100 thousand in public safety. The increases were partially offset by decreases of \$200 thousand in health and welfare.

The chart below depicts the distribution of the government-wide expenses by function.

As indicated by the expense chart, the largest use of County resources was for public safety services which include the Sheriff's Office, the jail, fire and rescue services and others. The second largest use was for public works which includes road, bridge, and culvert repair and replacement among other services.

FINANCIAL ANALYSIS OF THE COUNTY'S FUNDS

As noted earlier, the County uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Major Governmental Funds

The focus of the County's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the County's financing requirements. Unassigned fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

Revenues in the governmental funds were \$76.4 million, an increase of \$20.8 million from \$55.6 million in 2021. The increase was the result of an increase in the Development Authority of \$11.1 million. This was due to the donation of the Hutcheson building for \$9.8 million and the related \$1.3 million in rental income. Also, there was an increase in the American Rescue Plan Act Fund of \$5.3 million, due to the recognized portion of the funds received from the State and Local Government Fiscal Recovery Plan passed by the federal government. SPLOST taxes increased \$1.9 million while LOST taxes increased \$1.0 million over the previous year and other taxes increased \$600 thousand. Charges for services increased \$300 thousand and other revenue increased \$800 thousand. There was a decrease in investment earnings of \$200 thousand due to unrealized market valuations at year end.

Expenditures in the governmental funds were \$60.0 million, an increase of \$8.3 million from \$51.7 million in 2021. The increase was the result of increases in the Development Authority of \$11.0 million related to the capital outlay for the Hutcheson building, General Fund \$400 thousand, and ARPA Fund \$900 thousand. These increases were partially offset by a decrease in the SPLOST Fund \$2.8 million and other decreases of \$1.2 million. The increase in the General Fund was due to increases in general government \$500 thousand, judicial \$800 thousand, \$100 thousand health and welfare and \$200 thousand housing and development which was slightly offset by decreases in public safety \$1.0 million and culture and recreation \$200 thousand. The large decrease in public safety was mainly due to two factors: prior year had expenses related to COVID mitigation, and a staffing shortage lingered throughout the current year resulting in decreases in wages and benefits. The increase in the ARPA Fund was due to capital outlay of \$1.1 million for the 911 communication tower.

There was no significant change in other financing sources and uses.

As the County completed the year, its governmental funds reported a combined fund balance of \$62.3 million an increase of \$16.4 million from \$45.9 million in 2021. The General Fund, which is the chief operating fund of the County, increased \$3.4 million, the Development Authority increased \$100 thousand, SPLOST Capital Projects Fund increased \$8.5 million and Other Governmental Funds increased \$4.4 million.

Major Proprietary Funds

The County's proprietary fund statements share the same focus as the government-wide financial statements, reporting both short-term and long-term information about financial status.

The County has two proprietary funds which fall under business-type activities. These are the Solid Waste Authority which operates the landfill operations and the Public Works Authority. Operating revenues in business type activities were \$250 thousand, slightly under 2021. Operating expenses in business-type activities were \$800 thousand, remaining the same from 2021. These two funds reported an operating loss of \$600 thousand. After adding capital contributions and transfers from other funds of \$500 thousand, there was a decrease in net position of \$100 thousand for the period ended 2022.

The County has one proprietary fund which falls under governmental activities. This is the Internal Service Fund for the Self-Insured Health Insurance Fund. The operating revenues, which were received from other County operations and employee payroll deductions, were \$6.5 million. The operating expenses, which include medical and pharmacy claims, were \$6.1 million. The fund ended the year with a net position of \$1.5 million.

GENERAL FUND BUDGETARY HIGHLIGHTS

General fund operations for 2022 resulted in a fund balance of \$23.8 million, an increase of \$3.4 million from \$20.4 million in 2021. The \$3.4 million increase is the result of the net effect of increases in Local Option Sales Tax and decreases in salaries and benefits across the board due to staffing shortages.

Actual revenues and other financing sources exceeded budgeted revenues and other financing sources \$1.0 million. The excess was due to the following: taxes \$300 thousand, intergovernmental \$100 thousand, other revenue \$100 thousand, fines, fees and forfeitures \$100 thousand, other miscellaneous revenue \$200 thousand, and other financing sources (includes GASB 87 leases) \$200 thousand. 56% of the favorable variances were from increases in real property tax, real estate transfer tax, fines/fees from the Tax Commissioner and lease proceeds.

Actual expenditures and other financing uses were less than budgeted expenditures \$2.4 million. The savings were a result of savings in the following categories: judicial \$100 thousand, general government \$400 thousand, public safety \$500 thousand, public works \$600 thousand, health and welfare \$100 thousand, housing and development \$200 thousand, culture and recreation \$500 thousand. The favorable variances were fairly distributed over all functions due to the effort to control expenditures and staffing shortages.

CAPITAL ASSETS ACTIVITY

Investment in capital assets, net of accumulated depreciation, of the primary government decreased \$602 thousand. Beginning balance was \$399.3 million plus current year additions of \$14.2 million less current year depreciation of \$14.4 million less current year dispositions of \$376 thousand resulted in an ending balance of \$398.7 million. The CIP ending balance includes \$1.1 million for the 911 Tower and \$713 thousand for the Fire Station 10 training center. In the buildings category, the largest addition was \$9.3 million for the Hutcheson Building. In the land improvement category, recreation improvement for both Poplar Springs and Boynton ballfields totaled \$2.4 million. The CAD system for the sheriff's department was completed at \$1.0 million. Most capital additions were funded by SPLOST. Additional information on the County's capital assets can be found in Note (5) on pages 27 to 30 of this report.

A summary of activity in capital assets, net of depreciation, of the primary government for the year ended September 30, 2022, is as follows:

	Beginning Balance	Additions	Depreciation	Dispositions/ Reclass	Ending Balance
Land	\$ 5,963,673	\$ 670,000	\$ -	\$ -	\$ 6,633,673
CIP	3,009,105	2,697,666	-	(3,906,170)	1,800,601
Land Improvements	6,148,288	348,561	(640,472)	2,395,247	8,251,624
Infrastructure	352,491,338	-	(10,537,491)	-	341,953,847
Buildings	25,030,841	9,325,503	(946,037)	1	33,410,308

THE GOVERNMENT'S DEBT

The outstanding balance of the note payable of the Catoosa County Development Authority to Financial Corporation of North Georgia, LLC, is \$850,764, which is payable on or before May 18, 2025, with no interest. The post closure obligations are \$2,027,116 for Site #1 and \$5,139,377 for Site #2 which is the Georgia Environmental Protection Division estimate of the future liability for the next seventeen to twenty-three years respectively. The compensated absences represent the cumulative and vesting for unpaid employee paid time off (PTO) leave. Additional information on the county's debt can be found in Note (6) on pages 31 to 34 of this report.

A summary of activity in long-term debt of the primary government for the year ended September 30, 2022, is as follows:

	Beginning Balance	Additions	Retirements	Ending Balance
Capital lease obligations	\$ -	\$ 162,145	\$ (38,655)	\$ 123,490
Bonds payable	-	-	-	-
Notes payable	850,764	-	-	850,764
Landfill closure / postclosure obligation	6,884,239	282,254	-	7,166,493
Compensated absences	1,062,036	-	(89,223)	972,813
Total	\$ 8,797,039	\$ 444,399	\$ (127,878)	\$ 9,113,560

STATUS OF THE CATOOSA COUNTY ECONOMY

The County local option sales tax revenue (LOST) for the fiscal year 2022 showed moderate growth. LOST was up \$1.1 million (11.34%) compared to fiscal year 2021. In addition, the net digest for real, personal, motor vehicle, mobile home, timber, and equipment showed mild growth. The net digest was up a total of \$57 million (2.76%) for fiscal year 2022 over 2021.

REQUESTS FOR INFORMATION

This report is designed to present a general overview of Catoosa County’s finances, comply with finance-related laws and regulations, and demonstrate the County’s commitment to public accountability. For questions concerning this report or requests for additional information, please contact the Chief Financial Officer at rachel.clark@catoosa.com or at the following address and telephone number:

CATOOSA COUNTY, GEORGIA
RECONCILIATION OF THE BALANCE SHEET OF GOVERNMENTAL FUNDS
TO THE STATEMENT OF NET POSITION
SEPTEMBER 30, 2022

Differences in amounts reported for governmental activities in the statement of net position on page 1:

Fund balances – total governmental funds \$ 62,323,287

Amounts reported for governmental activities in the statement of net position are different because:

Certain revenues will be collected after year-end, but are not available soon enough to pay for the current period's expenditures and therefore are deferred in the funds. 251,175

Capital assets used in governmental activities are not financial resources and therefore are not reported in the funds. 395,676,164

Internal service funds are used by management to charge the costs of self-insurance. The assets and liabilities of the internal service funds are included in governmental activities columns in the statement of net position. 1,455,003

Long-term liabilities are not due and payable in the current period and therefore are not reported in the funds. (1,947,067)

\$457,758,562

CATOOSA COUNTY, GEORGIA
RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES
AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS
TO THE STATEMENT OF ACTIVITIES
YEAR ENDED SEPTEMBER 30, 2022

Differences in amounts reported for governmental activities in the statement of activities on page 2:

Net change in fund balances – total governmental funds	\$ 16,376,309
Amounts reported for governmental activities in the statement of activities are different because:	
Capital outlay reported as expenditures in the governmental funds are reported as capital assets in the statement of activities.	13,919,720
Depreciation expense on governmental capital assets are included in the statement of activities.	(14,290,842)
Amortization expense on governmental right-to-use assets are included in the statement of activities	(52,746)
Long-term liabilities in the statement of net position include an estimated liability for compensated absences. These are planned to be liquidated with future resources; therefore, the increase or decrease in the liability does not affect expenditures in the governmental funds.	89,223
The net effect of various transactions involving capital assets (i.e. sales, trade-ins, and disposals) is to decrease net position.	(376,424)
Certain governmental revenues will not be collected for several months after the fiscal year and are deferred in the governmental funds.	(49,129)
Internal service funds are used by management to charge the costs of self-insurance. The income and expenses of the internal service funds are included in governmental activities columns in the statement of net position.	332,307
Proceeds from capital lease obligations and repayment of long-term capital leases is a financing source and an expenditure in the governmental funds, respectively, but the proceeds are eliminated and the repayment reduces long-term liabilities in the statement of net position, respectively.	<u>(123,490)</u>
	<u>\$ 15,824,928</u>

CATOOSA COUNTY, GEORGIA
NOTES TO BASIC FINANCIAL STATEMENTS
SEPTEMBER 30, 2022

(1) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Organization

Catoosa County, Georgia (the County) was organized by Georgia Acts of 1853. The County is governed by a five-member Board of Commissioners, with day-to-day operations vested in an appointed county manager.

The accounting policies of the County conform to generally accepted accounting principles applicable to local governments. The more significant accounting policies of the County are summarized below.

Reporting Entity

The accompanying financial statements include all funds of Catoosa County, Georgia (the primary government) as well as its component units, entities for which the County is financially accountable.

The County's financial statements include the financial statements (the only ones available) of the Catoosa County Solid Waste Management Authority and the Catoosa County Public Works Authority. These entities are reported as blended component units, as they provide services to the County and its citizens and are governed by boards controlled by members of the Board of Commissioners. The rates for user charges and debt authorizations are subject to approval by the Catoosa County Board of Commissioners. The Authorities are reported as enterprise funds.

The County's financial statements also include the financial statements (the only ones available) of the Catoosa County Development Authority. The development authority is reported as a blended component unit. The Catoosa County Development Authority was created by legislative act in the State of Georgia. The Board is appointed by the County Board of Commissioners which must approve Authority debt for which the Board is ultimately responsible. The purpose of the development authority is to develop industry in the County by assisting in the purchase and financing of property through bond issues and other debt. This component unit operates as a special revenue fund. In accordance with current guidance, the development authority is presented as a blended component unit because the development authority's total debt outstanding is expected to be repaid entirely with resources of the primary government.

The discretely presented component units include organizations which are legally separate from the primary government. They are considered component units because a majority of their boards are appointed by the County and because there is a financial benefit/burden relationship with the County. Discretely presented component units are as follows:

The Development Authority of Catoosa County (which had no assets and no activity during the current year) was created by legislative act in the State of Georgia. The Board of the Catoosa County Development Authority and the Board of the Development Authority of Catoosa County are the same, and are appointed by the County Board of Commissioners which must approve the Authority's debt for which the Board is ultimately responsible. The purpose of the development authority is to develop industry in the County by assisting in the purchase and financing of property through bond issues and other debt. This component unit operates as an enterprise fund. There are no financial statements available for the Development Authority of Catoosa County due to no assets or current year activity.

CATOOSA COUNTY, GEORGIA
NOTES TO BASIC FINANCIAL STATEMENTS
SEPTEMBER 30, 2022

(1) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Reporting Entity (continued)

The Catoosa County Health Department was created by legislative act in the State of Georgia and provides health care services and education to County residents. The Catoosa County Board of Health, the governing authority of the Health Department, is composed of seven members, three of whom are appointed by the County Board of Commissioners and one of whom is the chief executive officer of the Board of Commissioners.

The Catoosa County Health Department issues separately audited financial statements. Copies of these financial statements may be obtained from the Catoosa County Health Department, Ringgold, Georgia. In its separately audited financial statements, the Catoosa County Health Department is reported as a general fund. The Health Department's fiscal year end is June 30.

The following organizations have separately selected governing bodies, and are legally separate and fiscally independent from the County. Therefore, they are not considered component units of Catoosa County and are excluded from the accompanying financial statements:

Catoosa County Board of Education
Catoosa County Department of Family and Children's Services
Catoosa Utility District

Basis of Presentation

The County presents government-wide as well as fund level financial statements with activities at both levels categorized as either governmental or business-type. The government-wide statements of net position and activities have eliminated internal balances and transfers between the activities of the governmental funds, which were presented separately in the fund financial statements. Transfers between governmental activities and business-type activities of the primary government are separately stated on the government-wide statement of net position. The government-wide statement of activities reflects both the gross and net cost of functional categories which are otherwise supported by general government revenues. The statement of activities reduces gross expenses (including depreciation) by related program revenues, operating grants, and capital grants. Program revenues are those directly associated with the function and include revenues from fines and forfeitures, licenses and permit fees, and charges for services. Operating and capital grants and contributions are limited to the funding of a specific operating expense or capital acquisition.

At the fund level, major funds are presented separately while nonmajor funds are combined into a single column. Major funds are determined based on their percentage of assets, liabilities, revenues or expenditures compared to the total of the same for all governmental funds, and on their percentage of the same for the total of all governmental and proprietary funds, as applicable or if the County chooses to report the fund as major even if the criteria is not met. The general fund, Development Authority, SPLOST capital projects fund, and American Rescue Plan fund are reported as major governmental funds. The Solid Waste Management Authority is a major enterprise fund.

CATOOSA COUNTY, GEORGIA
NOTES TO BASIC FINANCIAL STATEMENTS
SEPTEMBER 30, 2022

(1) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Basis of Accounting

The government-wide financial statements, consisting of the statement of net position and the statement of activities are prepared using the economic resources measurement focus and the accrual basis of accounting. Under this method, revenues are recorded when earned and expenses are recorded when the liability is incurred. The government-wide financial statements report information on all of the nonfiduciary activities of the County as a whole.

The fund-level financial statements of the governmental funds, consisting of the general fund, special revenue funds, and capital projects funds use the flow of current financial resources measurement focus and the modified accrual basis of accounting. Under the modified accrual basis, revenues are recognized when they are susceptible to accrual, which is defined as being both measurable, meaning that the amount of the transaction can be determined, and available, meaning collectible within the current period or soon enough thereafter (generally defined as within 60 days) to be used to pay liabilities of the current period. Those revenues susceptible to accrual are property and other taxes, federal and state grants, other state funds, interest income and charges for services. Expenditures are generally recognized when the liability is incurred. Exceptions to this general rule include accumulated unpaid vacation, sick pay and other employee amounts which are expected to be liquidated with future resources.

Since the governmental funds statements are presented on a different measurement focus and basis of accounting than the governmental activities column in the government-wide financial statements, a reconciliation is presented on the page following the applicable fund statement which reconciles the adjustments necessary to convert the fund financial statements to the governmental activities column of the government-wide presentation.

All business-type activities, including the primary government proprietary funds, use the flow of economic resources measurement focus and the accrual basis of accounting. Under this method, revenues are recognized when earned and expenses are recognized when the liability is incurred. Operating revenues of proprietary funds are those revenues that result from the activities of the fund, such as charges for services. All other revenue is considered nonoperating revenue and includes grants, investment earnings, and gain on the sale of capital assets. Likewise, operating expenses are those expenses related to the principal activity of the fund, such as depreciation. Nonoperating expenses include all other expenses not considered operating, such as interest expense.

Internal service funds of a government traditionally provide services primarily to other funds of the government. Internal service funds are presented as part of the proprietary fund financial statement. Activities in the internal service fund include self-funding for health insurance, employee health clinic operations, and employee wellness and health benefits administration. Operating revenues and expenses are the result of providing services to the principal user of the internal service. Any revenues or expenses that are not the result of providing those services are classified as nonoperating. Since the principal users of the internal services are the County's governmental activities, financial statements of the internal service funds are consolidated into the governmental activities column when presented at the government-wide level and interfund transactions are eliminated. To the extent possible, the costs of these services are reflected in the appropriate functional activity (general government, public safety, public works, etc.).

CATOOSA COUNTY, GEORGIA
NOTES TO BASIC FINANCIAL STATEMENTS
SEPTEMBER 30, 2022

(1) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Basis of Accounting (continued)

Custodial funds account for the assets held by the Tax Commissioner, Superior Court, Magistrate Court, Probate Court, State Court, and Sheriff in a trustee capacity for individuals, governmental units, and/or other funds.

When both restricted and unrestricted resources are available for use, it is the County's policy to first use restricted resources and then unrestricted resources as needed.

Fund Accounting

The accounts of the County are organized on the basis of funds, which are considered separate accounting entities. The operations of each fund are accounted for with a set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenues and expenditures. Government resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled. Amounts reported in the fund financial statements as due to or due from other funds are eliminated upon preparation of the government-wide statement of net position. The various funds are grouped into fund types as follows:

Governmental Funds

General Fund

The general fund is the general operating fund of the County. It is used to account for all financial resources except those required to be accounted for in another fund, or those for which it is considered fiscally responsible to be accounted for in a separate fund.

Special Revenue Funds

Special revenue funds are used to account for and report the proceeds of specific revenue sources that are restricted or committed to expenditure for specified purposes other than debt service or capital projects.

Capital Projects Funds

Capital projects funds are used to account for and report financial resources that are restricted, committed, or assigned to expenditure for capital outlays, including the acquisition or construction of capital facilities and other capital assets not financed by proprietary funds or for assets that will be held in trust for individuals, private organizations, or other governments.

Proprietary Funds

Enterprise Funds

Enterprise funds are used to account for operations that are financed and operated in a manner similar to private business enterprise and therefore funded primarily through user charges.

Internal Service Funds

Internal service funds are used to account for the financing of goods or services provided by one department or agency to other departments or agencies of the County, or to other governments, on a cost-reimbursement basis.

CATOOSA COUNTY, GEORGIA
NOTES TO BASIC FINANCIAL STATEMENTS
SEPTEMBER 30, 2022

(1) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Fund Accounting (continued)

Fiduciary Funds

Custodial Funds

Custodial funds are used to account for assets held by the County in a trustee capacity or as an agent for individuals, private organizations, other governments and/or other funds.

Non-current governmental assets/liabilities

The County eliminates the presentation of account groups, but provides for these records to be maintained and incorporated into the governmental activities section of the government-wide financial statements.

The County maintains the following funds:

General fund (major fund)

Special revenue funds

Confiscated Assets Fund, which accounts for revenues and expenditures associated with currency forfeitures and drug fines and restitution.

Emergency 911 Fund, which accounts for revenues and expenditures associated with the operation of a County 911 emergency service.

Multiple Grant Fund, which accounts for revenues and expenditures from certain grants.

JCSA Fund, which accounts for specific revenues and expenditures associated with the operation of the County jail.

State Library Fund, which accounts for specific revenues and expenditures of the County library.

DATE Program Fund, which accounts for revenues and expenditures associated with drug awareness.

Salary Reimbursement U.S. Treasury, which accounts for revenue and expenditures related to public safety.

Operational Grants, which accounts for revenue and expenditures from certain grants.

American Rescue Plan, which accounts for revenue and expenditures from the federal government under the American Rescue Plan Act to provide funds to be used to support public health expenditures.

Catoosa County Development Authority (a blended component unit being treated as a major fund by the County), which accounts for aid and assistance in the promotion and establishment of new business and recreation within the County.

Catoosa County Health Department (a discretely presented component unit), which provides health care services and health education to the residents of Catoosa County. In its separately issued financial statements, the Health Department is reported as a general fund.

CATOOSA COUNTY, GEORGIA
NOTES TO BASIC FINANCIAL STATEMENTS
SEPTEMBER 30, 2022

(1) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Fund Accounting (continued)

Victim's Assistance, which accounts for specific revenues and expenditures associated with the District Attorneys Victim's Assistance Grant.

DA Forfeiture, which accounts for specific revenues and expenditures associated with the District Attorney's Forfeitures.

Juvenile Supervision, which accounts for the Juvenile Supervision fees and expenditures.

Capital projects funds

SPLOST Capital Projects Fund (major fund), which accounts for the acquisition of assets, and other specific projects, with proceeds from the special local option sales tax.

Capital Projects Grant Fund, which accounts for acquisition of assets with proceeds from state or federal grants.

Capital Projects Financed Fund, which accounts for financing and acquisition of capital assets.

Proprietary funds

Enterprise funds

Public Works Authority (a blended component unit), which accounts for the operation of stormwater management.

Solid Waste Management Authority (a blended component unit and major fund), which accounts for the operation of the disposal of solid waste.

Development Authority of Catoosa County (a discretely presented component unit), which accounts for aid and assistance in the promotion and establishment of new business and recreation within the County.

Internal Service Funds

Healthcare Fund, which accounts for the County's self-insurance program for employee healthcare as well as the employee health clinic and employee wellness and health benefits administration. The costs for these programs are funded through premiums paid by the departments and agencies to the County.

Fiduciary funds

Custodial funds

Tax Commissioner, which accounts for receipts and disbursements of property and other taxes.

Clerk of Superior Court, which accounts for receipts and disbursements of the Clerk's office, primarily court costs, fines and settlements.

Magistrate Court, which accounts for receipts and disbursements of the Magistrate Court, primarily court costs, fines and settlements.

State Court, which accounts for receipts and disbursements of the State Court, primarily court costs, fines and settlements

CATOOSA COUNTY, GEORGIA
NOTES TO BASIC FINANCIAL STATEMENTS
SEPTEMBER 30, 2022

(1) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Fund Accounting (continued)

Probate Judge, which accounts for receipts and disbursements of the Probate Judge office, primarily traffic fines and marriage license fees.

Sheriff, which accounts for receipts and disbursements of the Sheriff's Department, primarily cash bonds.

Fund Equity

Fund equity at the governmental fund level is classified as "fund balance." Fund equity for all other reporting is classified as "net position."

Fund balance – Generally fund balance represents the difference between assets and liabilities. In the fund financial statements, governmental funds report fund classifications that comprise a hierarchy based primarily on the extent to which the County is bound to honor constraints on the specific purposes for which amounts in those funds can be spent. Fund balances are classified as follows:

Nonspendable – Fund balances are reported as nonspendable when amounts cannot be spent because they are either (a) not in spendable form (i.e., items that are not expected to be converted to cash) or (b) legally or contractually required to be maintained intact.

Restricted – Fund balances are reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the County or through external restrictions imposed by creditors, grantors or laws or regulations of other governments.

Committed – Fund balances are reported as committed when they can be used only for specific purposes pursuant to constraints imposed by formal action of the County Board of Commissioners through the adoption of a resolution. The Board also may modify or rescind the commitment.

Assigned – Fund balances are reported as assigned when amounts are constrained by Board action to be used for specific purposes, but are neither restricted or committed.

Unassigned – Fund balances are reported as unassigned when the residual amount does not meet any of the above criteria. The County reports positive unassigned fund balance only in the general fund. Negative unassigned fund balances may be reported in all funds.

When both restricted and unrestricted amounts of fund balance are available for expenditure, it is the County's policy to use restricted amounts first and then unrestricted amounts as they are needed. For unrestricted amounts of fund balance, it is the County's policy to use fund balances in the following order: committed, assigned, unassigned.

Net position – Net position represents the residual of all elements presented in a statement of financial position. Net investment in capital assets, consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowing used for the acquisition, construction or improvement of those assets. Net position is reported as restricted as described in the fund balances section above. All other net position is reported as unassigned.

CATOOSA COUNTY, GEORGIA
NOTES TO BASIC FINANCIAL STATEMENTS
SEPTEMBER 30, 2022

(1) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Budget and Budgetary Control

Although no budget to actual statements are presented in the basic financial statements, the County provides, for informational purposes, its budget requirements and process. Annual revenue estimates and expenditure appropriations, on the modified accrual basis of accounting, are prepared for all governmental funds, with the exception of the capital projects funds, for which no annual appropriation is required and none is adopted. The projects accounted for in the capital projects funds are subject to budgetary control on a project basis. Providing budgetary information on an annual basis does not provide meaningful information because projects extend over more than one reporting period. Although a budget is not required for proprietary fund types, the County adopts a budget on the accrual basis of accounting for its primary government proprietary funds.

The proposed budget is reviewed by the Board of Commissioners for determination of the property tax levy. The current tax levy, along with other required information, is filed in the Office of the Clerk of the Superior Court and published in the local newspaper with notice of public hearings to obtain taxpayer comments. The budget is legally enacted through adoption at a subsequent public hearing as required by law.

Expenditures may not legally exceed budgeted appropriations at the department level. Budgetary integration is employed as a management tool during the fiscal year. As needed during the year, the County finance manager is authorized to amend line items, with the exception of salaries, within a department. Approval by the Board of Commissioners is required for amendments to salary line items, or department or fund totals. The budget was amended within the above guidelines for the year ended September 30, 2022.

Receivables

Receivables include amounts due to the County for various agreements. All receivables are current and therefore due within one year. Receivables are reported net of an allowance for uncollectible accounts of \$47,292 as of September 30, 2022.

Capital Assets

For the fund financial statements, capital assets of governmental funds are recorded as expenditures at the time of purchase. For its proprietary funds and for governmental funds at the government-wide presentation, the County capitalizes long-lived assets with an original cost of \$5,000 or more. Such assets are recorded at cost.

For its proprietary funds and for its governmental funds at the government-wide presentation, depreciation of property and equipment is provided over the estimated useful lives of individual assets by the straight-line method. Estimated lives are as follows: equipment, 3 to 7 years; buildings, 25 to 75 years; land improvements, 10 to 27 years; infrastructure, 40 to 60 years.

Public domain (infrastructure) assets, which include roads, streets, curbs, gutters, sidewalks, etc., are recorded in the funds as expenditures at the time of purchase, and as capital assets in the government-wide financial statements. Infrastructure assets acquired prior to July 1, 1979, are not reported in these financial statements.

Inventories

Inventories are valued at cost which approximates net realizable value, using the first-in, first-out method. The cost of inventory items is recorded as an expenditure when used (i.e., the consumption method).

CATOOSA COUNTY, GEORGIA
NOTES TO BASIC FINANCIAL STATEMENTS
SEPTEMBER 30, 2022

(1) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Notes Payable

Notes payable reported in governmental funds are expected to be liquidated with expendable, available resources.

Encumbrances

Encumbrance accounting, under which purchase orders, contracts and other commitments for the expenditure of monies are recorded in order to reserve that portion of the applicable appropriation, is not employed by the County.

Prepaid Expenses

Prepaid expenses consist of certain payments which reflect costs applicable to future periods. In governmental funds, these types of costs are recorded as expenditures during the term of the benefit period, rather than when paid.

Discounts/Premiums/Issuance Costs

In governmental funds, at the fund-level presentation, these types of transactions are recognized as revenue when received or as expenditures in the period in which incurred. In proprietary funds, and at the government-wide presentation for governmental activities, discounts and premiums are deferred and amortized over the benefit or payment period. Debt issuance costs, except for any portion related to prepaid insurance costs, should be recognized as an expense in the period incurred.

Cash Equivalents

For purposes of these financial statements, the County considers all highly liquid investments with a maturity of three months or less to be cash equivalents.

Deferred Outflows/Inflows of Resources

The County has adopted the provisions of GASB Statement Number 63, *Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position*. Under this Statement, GASB has defined deferred outflows of resources as a consumption of net position by the government that is applicable to a future reporting period. Deferred inflows of resources are an acquisition of net position by the government that is applicable to a future reporting period. As of September 30, 2022, the County did not have any deferred outflows of resources and had deferred inflows of resources from deferred property taxes of \$251,175, deferred grant revenue of \$7,217,484, and other deferred revenue of \$73,962.

Change in Accounting Principle

On October 1, 2021, the County implemented Governmental Accounting Standards Board (GASB) Statement No. 87, *Leases*. This standard enhances the relevance and consistency of information of the County's leasing activities. GASB 87 establishes requirements for lease accounting based on the principle that leases are long-term contracts that conveys control of the right to use another entity's nonfinancial asset (the underlying asset) as specified in the contract for a period of time in exchange or exchange like transaction. A lessee is required to recognize a lease liability and an intangible right-to-use lease asset, and a lessor is required to recognize a lease receivable and a deferred inflow of resources. On October 1, 2021, the County recognized a lease payable of \$162,145 and right-to-use lease assets of \$162,145 for various pieces of office equipment and office space. In addition, the Development Authority is the lessor for a building lease that is short-term with no option to extend. This lease does not meet the criteria for recognition under GASB 87. The implementation of GASB 87 did not impact beginning net position of the Organization.

CATOOSA COUNTY, GEORGIA
NOTES TO BASIC FINANCIAL STATEMENTS
SEPTEMBER 30, 2022

(2) CASH AND INVESTMENTS

The County reports its cash and other investments under the provisions of governmental auditing standards.

Interest Rate Risk – As a means of limiting its exposure to losses resulting from rising interest rates, the County’s usual policy is to invest in certificates of three years or less. The exposure to interest rate changes is presented using the weighted average maturity method. Its policy is to limit exposure to interest rate risk by requiring sufficient liquidity in the investment portfolio.

Custodial Credit Risk – The County’s policies limit deposits and investments to those instruments allowed by applicable state laws. State statutes require that all deposits with financial institutions must be collateralized by securities whose market value is equal to 110% of the value of the uninsured deposits. The deposits must be covered by federal deposit insurance, by collateral held by the County’s agent in the County’s name, or by Federal Reserve Banks acting as third party agents. State statutes also authorize the types of investments in which the County may participate. The County’s policy is to limit its investments to certificates of deposit and savings and money market accounts with local banks and Georgia Fund 1, a combined state and local government investment pool. As of September 30, 2022 all deposits were insured or collateralized, as required by government policy. In addition all certificates of deposit were insured as required by government policy.

Credit Risk – The County’s policies are designed to maximize its earnings, while protecting the security and providing maximum liquidity, in accordance with all applicable state laws.

Investments in the local government investment pool are specifically invested in “Georgia Fund 1”. Georgia Fund 1, created by OCGA 36-83-8, is a Standard and Poor’s AAf rated investment pool which is managed by the Office of the State Treasurer to maintain principal stability. The pool is not registered with the SEC as an investment company and the State does not consider Georgia Fund 1 to be a 2a-7 like pool. Georgia Fund 1 is managed to maintain a constant net asset value of \$1.00 value per share and a weighted maturity of 90 days or less, with the maximum maturity of any investment limited to 397 days. At September 30, 2022, the Georgia Fund 1 weighted average maturity was 40 days. The pool consists of U.S. treasury obligations, securities issued or guaranteed by the U.S. Government or any of its agencies or instrumentalities, banker’s acceptances, overnight and term repurchase agreements with highly rated counterparties, and collateralized bank accounts. The investment in the Georgia Fund 1 is valued at fair market value. The fair values of investments in external investment pools are the same as the value of the pool shares. The County maintained a balance of \$70,220 in Georgia Fund 1 as of September 30, 2022 included as part of investments as of September 30, 2022.

Also included in investments as of September 30, 2022 is \$73,992 of common stock the County received related to an insurance investment. The County included the donation of the stock in other income as of September 30, 2022 at the fair value of the investment. The County plans to sell the stock during the next fiscal year and has no intentions to hold the stock as an investment.

The County also invests in DTC-eligible certificates of deposit known as “brokered deposits”. These certificates of deposit are insured by the FDIC and are underwritten by Financial Industry Regulatory Authority. These certificates of deposit are considered negotiable certificates of deposit and are subject to market fluctuations. Included in investment earnings in the statement of activities is a market adjustment of \$(266,783) related to the value of the certificates of deposit at September 30, 2022.

CATOOSA COUNTY, GEORGIA
NOTES TO BASIC FINANCIAL STATEMENTS
SEPTEMBER 30, 2022

(3) INTERFUND RECEIVABLES AND PAYABLES AND TRANSFERS

Most interfund receivable and payable balances are attributable to unsettled balances for charges between funds, and are expected to be paid within one year.

General fund payables to other governmental funds result from revenues received for these funds being held in a general fund cash account until an expenditure need arises. The balance in the confiscated assets fund is not expected to be repaid within one year. It is anticipated that the balance in the other funds will be repaid within one year. The general fund receivable from the solid waste fund resulted from the general fund disbursing funds in a prior year for the Landfill Gas to Energy Project. This project is generating revenues that are funding the postclosure care cost on the landfill with the excess going to reduce the balance due to the general fund.

Interfund receivables and payables at September 30, 2022, consist of the following:

Amounts receivable to the general fund from the following funds:

Major governmental fund	
Development Authority	\$ 1,232,153
SPLOST capital projects	\$ 1,772,283
American Rescue Plan	\$ 2,030,328
Major enterprise funds	
Solid waste	\$ 1,038,314
Public works authority	\$ 20,814

Amounts payable from the general fund to the following funds:

Nonmajor governmental funds	
Confiscated assets	\$ 139,095
DA Forfeiture	\$ 49,294
JCSA	\$ 58,637
DATE program	\$ 453,687
Juvenile Supervision	\$ 2,550
Victim's Assistance	\$ 2,311
Multiple grant	\$ 26,033
Operating grants	\$ 34,623
State grant for library	\$ 12,124
Capital projects grant	\$ 80,677
Capital projects financed	\$ 7,659,921
Nonmajor enterprise funds	
Public works	\$ 31
Internal service fund	
Healthcare	\$ 1,408,511

The purpose of transfers are to allocate revenues from the fund that collects them to the fund that expends the resources based on budgetary operations of the County.

CATOOSA COUNTY, GEORGIA
NOTES TO BASIC FINANCIAL STATEMENTS
SEPTEMBER 30, 2022

(3) INTERFUND RECEIVABLES AND PAYABLES AND TRANSFERS (continued)

Transfers for the 2022 year were as follows:

Transfer from development authority (major fund) to SPLOST (major fund)	\$	161
Transfer from general fund (major fund) to emergency 911 (nonmajor fund)	\$	220,682
Transfer from general fund (major fund) to solid waste (major enterprise fund)	\$	155,810
Transfer from general fund (major fund) to capital projects financed (nonmajor fund)	\$	5,702,329
Transfer from American Rescue Plan (major fund) to general fund (major fund)	\$	4,379,000

The development authority transfer to the SPLOST fund is for a reimbursement received on an economic development SPLOST project related to a land purchase in the prior year.

(4) FAIR VALUE MEASUREMENTS

GASB Statement No. 72, *Fair Value Measurement and Application*, establishes a framework for measuring fair value for certain assets and liabilities using a consistent definition and accepted valuation techniques. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets and for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the County has the ability to access.

Level 2

Inputs to the valuation methodology other than quoted prices included within level 1 that are observable for the financial asset or liability, either directly or indirectly.

Level 3

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The level in the fair value hierarchy within which a fair value measurement falls is based on the lowest level input that is significant to the fair value measurement in its entirety.

Following is a description of the valuation methodologies used for assets at fair value:

Market approach – Uses prices and other relevant information generated by market transactions involving identical or comparable assets or liabilities. Prices may be indicated by pricing guides, sale transactions, market trades, or other sources;

CATOOSA COUNTY, GEORGIA
NOTES TO BASIC FINANCIAL STATEMENTS
SEPTEMBER 30, 2022

(4) FAIR VALUE MEASUREMENTS (continued)

Cost approach – Based on the amount that currently would be required to replace the service capacity of an asset (replacement cost); and

Income approach – Uses valuation techniques to convert future amounts to a single present amount based on current market expectations about the future amounts (includes present value techniques, and option-pricing models). Net present value is an income approach where a stream of expected cash flows is discounted at an appropriate market interest rate.

Assets itemized below were measured at fair value during the year ended September 30, 2022. The market approach was used to determine the fair value of the land held for resale.

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Land held for resale	\$ -	\$ 2,623,109	\$ -	\$ 2,623,109
Brokered certificates of deposit	-	6,569,445	-	6,569,445
Common stock	73,992	-	-	73,992
	\$ 73,992	\$ 9,192,554	\$ -	\$ 9,266,546
Other investments				
Georgia Fund 1				70,220
				\$ 9,336,766

(5) CAPITAL ASSETS

Governmental activities

A summary of changes in capital assets and accumulated depreciation for governmental activities is as follows:

	<u>Beginning</u>	<u>Additions</u>	<u>Dispositions and Reclassifications</u>	<u>Ending</u>
Nondepreciable capital assets

CATOOSA COUNTY, GEORGIA
NOTES TO BASIC FINANCIAL STATEMENTS
SEPTEMBER 30, 2022

(6) LONG-TERM DEBT (continued)

Governmental activities (continued)

The County leases a building from Remco Business Center for the purpose of housing County ambulance services. The County will not acquire the building at the end of the lease term. The agreement currently provides for monthly installments of \$1,200, including interest imputed based on the Bond Wave Municipal rate at 2.5%. The initial lease term is for 12 months with the option to extend for an additional 12 months. The County is reasonably certain to exercise the option to extend. The value of the right-to-use asset as of September 30, 2022 of \$28,134 with accumulated amortization of \$14,067 is included with building in the right-to-use asset lease assets.

The County has three equipment leases with Southern Duplicating Supply. The County will not acquire the equipment at the end of the lease terms. The agreements currently provide for monthly installments ranging from \$158-\$195, including interest imputed based on the Bond Wave Municipal rate at 0.6%. The initial lease terms range from 36-48 months. The value of the right-to-use assets as of September 30, 2022 of \$21,606 with accumulated amortization of \$6,450 are included with equipment in the right-to-use asset lease assets.

The County has six equipment leases with Wells Fargo. The County will not acquire the equipment at the end of the lease terms. The agreements currently provide for monthly installments ranging from \$139-\$554, including interest imputed based on the Bond Wave Municipal rate ranging from 0.4-0.6%. The initial lease terms range from 38-54 months. The value of the right-to-use assets as of September 30, 2022 of \$70,642 with accumulated amortization of \$18,659 are included with equipment in the right-to-use asset lease assets.

The County has four equipment leases with Pitney Bowes. The County will not acquire the equipment at the end of the lease terms. The agreements currently provide for monthly installments ranging from \$663-\$1,480, including interest imputed based on the Bond Wave Municipal rate at 0.4%. The initial lease terms range are all 39 months. The value of the right-to-use assets as of September 30, 2022 of \$41,763 with accumulated amortization of \$13,570 are included with equipment in the right-to-use asset lease assets.

Annual requirements to amortize long-term lease obligations and related interest are summarized as follows:

	Principal Payments	Interest	Total Payments
For the year ending September 30, 2023	\$ 52,498	\$ 902	\$ 53,400
2024	51,831	369	52,200
2025	17,490	49	17,539
2026	1,671	2	1,673
	<hr/>	<hr/>	<hr/>
Total future payments	<u>\$ 123,490</u>	<u>\$ 1,322</u>	<u>\$ 124,812</u>

CATOOSA COUNTY, GEORGIA

(6) LONG-TERM DEBT (continued)

Governmental activities (continued)

A summary of changes in long-term debt for governmental activities is as follows:

	<u>Beginning Balance</u>	<u>Adjustments and Additions</u>	<u>Adjustments and Retirements</u>	<u>Ending Balance</u>
Notes payable	\$ 850,764	\$ -	\$ -	\$ 850,764
Leases payable	-	162,145	(38,655)	123,490
Compensated absences	<u>1,062,036</u>	<u>-</u>	<u>(89,223)</u>	<u>972,813</u>
	<u>\$ 1,912,800</u>	<u>\$ 162,145</u>	<u>\$ (127,878)</u>	<u>\$ 1,947,067</u>

Presentation of long-term debt of governmental activities in the government-wide statement of net position is as follows:

Due within one year

Leases payable	\$ 57,769
Compensated absences	<u>972,813</u>
	<u>1,030,582</u>

Due in more than one year

Notes payable	850,764
Leases payable	<u>65,721</u>
	<u>916,485</u>
	<u>\$ 1,947,067</u>

The resources of the general fund have been used in prior years to liquidate the balance of the compensated absences.

Business-type activities

As discussed in Note 13, the Solid Waste Management Authority has an estimated liability for postclosure care costs in the amount of \$7,166,493. The entire balance of this liability is considered long-term based on communication from the Georgia Environmental Protection Division. See Note 13 for further discussion.

A summary of changes in long-term debt for business-type activities is as follows:

	<u>Beginning Balance</u>	<u>Adjustments and Additions</u>	<u>Adjustments and Retirements</u>	<u>Ending Balance</u>
Landfill postclosure	<u>\$ 6,884,239</u>	<u>\$ 282,254</u>	<u>\$ -</u>	<u>\$ 7,166,493</u>

CATOOSA COUNTY, GEORGIA
NOTES TO BASIC FINANCIAL STATEMENTS
SEPTEMBER 30, 2022

(6) LONG-TERM DEBT (continued)

Business-type activities (continued)

Presentation of long-term debt of business-type activities in the government-wide statement of net position presents the entire liability as long-term.

As further addressed in Note 13, it is anticipated that a portion of the landfill postclosure liability will be liquidated with general government resources.

Component unit

A summary of changes in long-term debt for component units is as follows:

	Beginning Balance	Adjustments and Additions	Adjustments and Retirements	Ending Balance
Compensated absences	\$ 57,951	\$ 12,387	\$ (6,245)	\$ 64,093

Presentation of long-term debt of component units is as follows:

Due within one year	
Compensated absences	\$ 6,409
Due in more than one year	
Compensated absences	57,684
	\$ 64,093

(7) TAXES

Property taxes are levied for the calendar year on October 20 and are delinquent after December 20 of each year. Property taxes attach as an enforceable lien on property as of the levy date.

The County is required by state law to reduce the property tax levy by the amount of local option sales tax collections for the previous calendar year.

(8) EMPLOYEE RETIREMENT PLANS

Primary Government

As of April 1, 2020, the County maintains a defined contribution plan through the Georgia Municipal Employees Benefit System (GMEBS) covering all full-time employees with at least one year of service. The plan is a 457(b) plan for the contributions of all eligible employees combined with a 401(a) plan that allows the County to match contributions on behalf of the employees. The County makes basic contributions equal to 7% of each Participant's compensation. Employees are required to make contributions in the amount of 3%, and may further elect to contribute a percentage of their salary up to the limits set forth by the Internal Revenue Service. The County then matches those contributions 50% up to 6%. In addition, employees vest 100% after three years of qualifying service. At September 30, 2022, there were approximately 554 participants

CATOOSA COUNTY, GEORGIA
NOTES TO BASIC FINANCIAL STATEMENTS
SEPTEMBER 30, 2022

(8) EMPLOYEE RETIREMENT PLANS (continued)

Primary Government (continued)

in the plan. Employee and employer contributions during the year ended September 30, 2022, were approximately \$1,254,108 and \$1,594,261, respectively. There were no forfeitures at September 30, 2022. At September 30, 2022, the County had a liability of approximately \$77,000 related to employer retirement contributions. Plan provisions and contribution requirements are established and may be amended by the Catoosa County Board of Commissioners.

Catoosa County Development Authority

The Catoosa County Development Authority has no employees and, therefore, no pension plan.

Catoosa County Health Department

Employees' Retirement System of Georgia (ERS) is a cost-sharing multiple-employer defined benefit pension plan established by the Georgia General Assembly during the 1949 Legislative Session for the purpose of providing retirement allowances for employees of the State of Georgia and its political subdivisions. ERS is directed by a Board of Trustees. Title 47 of the O.C.G.A. assigns the authority to establish and amend the benefit provisions to the State Legislature. ERS issues a publicly available financial report that can be obtained at www.ers.ga.gov/financials. Complete pension disclosures are in the Health Department's separately issued financial statements. Summarized information to the plan is indicated below.

At June 30, 2022, the Health Department reported a liability of \$479,054 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2021. The total pension liability used to calculate the net pension liability was based on an actuarial valuation of June 30, 2020. An expected total pension liability as of June 30, 2021 was determined using standard roll-forward techniques. The Health Department's proportion of the net pension liability was based on contributions to ERS during the fiscal year ended June 30, 2021. At June 30, 2021 the Employer's proportion was 0.020482% which was an increase of 0.000060% from its proportion measured as of June 30, 2020.

For the year ended June 30, 2022, the Health Department recognized pension expense of \$39,070. At June 30, 2022, the Health Department reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Differences between expected and actual experience	\$ 11,337	\$ -
Changes of assumptions	137,954	-
Net difference between projected and actual earnings on pension plan investments	-	442,760
Changes in proportion and differences between employer contributions and proportionate share of contributions	13,190	-
Employer contributions subsequent to the measurement date	<u>117,298</u>	<u>-</u>
	<u>\$ 279,779</u>	<u>\$ 442,760</u>

CATOOSA COUNTY, GEORGIA
NOTES TO BASIC FINANCIAL STATEMENTS
SEPTEMBER 30, 2022

(8) EMPLOYEE RETIREMENT PLANS (continued)

Catoosa County Health Department (continued)

Health Department contributions subsequent to the measurement date of \$117,298 are reported as deferred outflows of resources and will be recognized as a reduction of the net pension liability in the year ended June 30, 2023. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

For the year ending June 30, 2023	\$	6,935
2024		(61,349)
2025		(107,600)
2026		(118,265)
2027		-
Thereafter		-

The total pension liability as of June 30, 2021 was determined by an actuarial valuation as of June 30, 2020, using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.50%
Salary increases	3.00-6.75%, including inflation
Investment rate of return	7.00%, net of pension plan investment expense, including inflation

The following presents the Health Department's proportionate share of the net pension liability calculated using the discount rate of 7.00%, as well as what the Health Department's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.00%) or 1-percentage-point higher (8.00%) than the current rate:

		1%	Current	1%
		Decrease	Discount	Increase
		(6.0%)	Rate	(8.0%)
		<hr/>	(7.0%)	<hr/>
Employer's proportionate share of the net pension liability	\$	877,856	\$	479,054
				\$ 141,779

Detailed information about the pension plan's fiduciary net position is available in the separately issued ERS financial report which is publicly available at www.ers.ga.gov/financials.

(9) OTHER POSTEMPLOYMENT BENEFITS

Catoosa County Health Department

State OPEB Plan

Employees of State organizations as defined in §45-18-25 of the Official Code of Georgia Annotated (O.C.G.A.) are provided OPEB through the State OPEB Fund – a cost sharing multiple-employer defined benefit postemployment healthcare plan, reported as an employee trust fund and administered by a Board of Community Health (Board). Title 45 of the O.C.G.A. assigns the authority to establish and amend the benefit terms of the group health plan to the Board. Complete OPEB disclosures are in the Health Department's separately issued financial statements. Summarized information related to the plan is indicated below.

CATOOSA COUNTY, GEORGIA
NOTES TO BASIC FINANCIAL STATEMENTS
SEPTEMBER 30, 2022

(9) OTHER POSTEMPLOYMENT BENEFITS (continued)

Catoosa County Health Department (continued)

State OPEB Plan (continued)

As established by the Board, the State OPEB Fund is substantially funded on a pay-as-you go basis; that is, annual cost of providing benefits will be financed in the same year as claims occur. Contributions to the State OPEB Fund from the Health Department were \$32,164 for the year ended June 30, 2022. Active employees are not required to contribute to the State OPEB fund.

At June 30, 2022, the Health Department reported a liability of \$54,754 for its proportionate share of the net OPEB liability. The net OPEB liability was measured at June 30, 2021. The total OPEB liability used to calculate the net OPEB liability was based on actuarial valuation as of June 30, 2020. An expected total OPEB liability as of June 30, 2021 was determined using standard roll-forward techniques. The Health Department's proportion of the net OPEB liability was actuarially determined based on employer contributions during the fiscal year ended June 30, 2021. At June 30, 2021, the Health Department's proportion was 0.019921% which was an increase of 0.000795% from its proportion measured as of June 30, 2020.

For the year ended June 30, 2022, the Health Department recognized OPEB expense of \$(165,861). At June 30, 2022, the Health Department reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ -	\$ 147,429
Changes of assumptions	2,830	57,720
Net difference between projected and actual earnings on OPEB plan investments	-	9,572
Changes in proportion and differences between employer contributions and proportionate share of contributions	17,587	34,135
Employer contributions subsequent to the measurement date	32,164	-
	\$ 52,581	\$ 248,856

Health Department contributions subsequent to the measurement date of \$32,164 are reported as deferred outflows of resources and will be recognized as a reduction of the net OPEB liability in the year ended June 30, 2023. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

For the year ending June 30, 2023	\$ (125,489)
2024	(57,319)
2025	(31,662)
2026	(13,969)

SEPTEMBER 30, 2022

(9) OTHER POSTEMPLOYMENT BENEFITS (continued)

Catoosa County Health Department (continued)

State OPEB Plan (continued)

The total OPEB liability as of June 30, 2021 was determined by an actuarial valuation as of June 30, 2020 using the following actuarial assumptions and other inputs, applies to all periods included in the measurement and rolled forward to the measurement date of June 30, 2021:

Inflation	2.50%
Salary increases	3.25-6.75%, including inflation
Long-term expected rate of return	7.00%, compounded annually, net of investment expense, including inflation

The following presents the Health Department's proportionate share of the net OPEB liability calculated using the discount rate of 7.00% as well as what the Health Department's proportionate share of the net OPEB liability would be if it were calculated using a discount rate that is 1%-point lower (6.00%) or 1%-point higher (8.00%) than the current discount rate:

	1% Decrease (6.0%)	Current Discount Rate (7.0%)	1% Increase (8.0%)
Employer's proportionate share of the net OPEB liability	\$ 96,355	\$ 54,754	\$ 18,802

SEAD OPEB Plan

SEAD-OPEB was created in 2007 by the Georgia General Assembly to amend Title 47 of the O.C.G.A., relating to retirement, so as to establish a fund for the provision of term life insurance to retired and vested inactive members of the Employee's Retirement System of Georgia (ERS), the Legislative Retirement System (LRS), and the Georgia Judicial Retirement System (GJRS). The plan is a cost-sharing multiple-employer defined benefit other postemployment benefit plan as defined in Governmental Accounting Standards (GASB) Statement No. 74, Financial Reporting for Postemployment Benefit Plans other than OPEB Plans. The SEAD-OPEB trust fund accumulates the premiums received from the aforementioned retirement plans, including interest earned on deposits and investments of such payments. Complete OPEB disclosures are in the Health Department's separately issued financial statements. Summarized information related to the plan is indicated below.

At June 30, 2022, the Health Department reported a liability (asset) of \$(12,585) for its proportionate share of the net OPEB liability (asset). The net OPEB liability (asset) was measured at June 30, 2021. The total OPEB liability (asset) used to calculate the net OPEB liability (asset) was based on actuarial valuation as of June 30, 2020. An expected total OPEB liability (asset) as of June 30, 2021 was determined using standard roll-forward techniques. The Health Department's proportion of the net OPEB liability was based on actual member salaries reported to the SEAD-OPEB plan during the fiscal year ended June 30, 2021. At June 30, 2021, the Health Department's proportion was 0.012042%, which was a decrease of 0.001270% from its proportion measured as of June 30, 2020.

(10) CONDUIT DEBT

The Catoosa County Development Authority has special limited obligations related to various projects that represent conduit debt obligations. Conduit debt obligations are limited-obligation bonds or similar instruments issued by a governmental unit to provide capital financing for a third party that is not part of the reporting entity. Debt proceeds are typically used to finance development of industry, hospital, or environmental facilities within the governmental unit's jurisdiction that are transferred to the third party by sale or lease. The governmental unit has no obligation for the debt beyond the resources received from the third party by sale or lease. The obligations issued by the Development Authority do not constitute an indebtedness or pledge of the faith and credit of the Development Authority or the County.

The Development Authority had an outstanding conduit debt obligation with Shaw Industries for 2018 Taxable Industries Revenue Bonds in the amount of \$107,261,549 at September 30, 2022.

(11) LITIGATION

The County is currently the defendant in certain legal actions which are being vigorously defended. It is the opinion of management and legal counsel that these proceedings will not have a material effect on the financial position of the County.

(12) COMMITMENTS

The County has construction and other capital commitments totaling \$10,386,687. As of September 30, 2022, the remaining balance on these commitments totaled \$8,819,649.

(13) LANDFILL CLOSURE AND POSTCLOSURE CARE COST

Catoosa County operates the S.R. 151 Municipal Solid Waste Landfill. This facility is permitted for operation by the Georgia Department of Natural Resources Environmental Protection Division, which specifies the requirements for its design, operation, closure and postclosure care.

CATOOSA COUNTY, GEORGIA
NOTES TO BASIC FINANCIAL STATEMENTS
SEPTEMBER 30, 2022

(13) LANDFILL CLOSURE AND POSTCLOSURE CARE COST (continued)

State and federal laws and regulations require the County to place a final cover on its landfill site when it stops accepting waste and to perform certain maintenance and monitoring functions at the site for thirty years after closure.

Site 1 ceased operation in July, 1998. The certificate of closure was issued, and the thirty year postclosure care period began on July 15, 2003. The current estimate of postclosure care cost is approximately \$119,242 per year for 17 years. A liability of \$2,027,116 represents 100% of the estimated postclosure care costs for Site 1. Site 2 ceased operation in October, 2004. The certificate of closure was issued on July 10, 2008, and the thirty year postclosure care period began approximately one year later. The current estimate of postclosure care cost is approximately \$223,451 per year for 23 years. A liability of \$5,139,377 represents 100% of the estimated postclosure care costs for Site 2.

The above estimates are based on what it would cost to perform postclosure care in 2022. Because of the potential for change, due to inflation, technology, or laws and regulations, actual costs may be higher, when the costs are actually incurred. As directed by the Georgia Environmental Protection Division, the costs associated with the landfill postclosure are no longer being discounted and will continue to be based on the above mentioned years of postclosure care. The federal regulations governing postclosure financial assurance, which Georgia has adopted by reference, does not allow for the reduction in years.

The County has complied with Environmental Protection Agency rules regarding financial assurance relative to projected closure and postclosure care costs.

(14) RISK FINANCING ACTIVITIES

It is the policy of the County to purchase commercial insurance for the risks of losses to which it is exposed. These risks include general liability and property and casualty, with a \$25,000 deductible per claim. Settled claims have not exceeded commercial coverage in the past three fiscal years. The County paid no amounts for deductibles for the year ended September 30, 2020. The County paid \$12,500 for deductibles during the year ended September 30, 2021. The County paid \$11,619 for deductibles during the year ended September 30, 2022.

Pursuant to Title 34, Chapter 9, Article 5 of the Official Code of Georgia Annotated, Catoosa County became a member of the Association of County Commissioners of Georgia Workers' Compensation Self Insurance Fund. The effective date of membership was January 1, 1989. The liability of the fund to the employees of any employer (Catoosa County) is specifically limited to such obligations as are imposed by applicable state laws against the employer for workers' compensation and/or employer's liability.

As a member of the Fund, the County is jointly and severally liable for the liabilities of the Fund. The County pays an annual premium to the Fund, based on the estimated payrolls in various job classifications. Based on the overall incidence of claims during the year, the Fund either distributes a dividend if the claims history has been better than expected, or assesses additional premiums if the claims history has been much worse than expected. The County participates in these dividends or assessments on a pro-rata basis, based on the County's actual payrolls as a percentage of the total payrolls in the Fund.

CATOOSA COUNTY, GEORGIA
NOTES TO BASIC FINANCIAL STATEMENTS
SEPTEMBER 30, 2022

(14) RISK FINANCING ACTIVITIES (continued)

The Fund is to defend, in the name of and on behalf of the members, any suits or other proceedings which may at any time be instituted against them on account of injuries and demanding compensation thereto, although such suits, other proceedings, allegations or demands may be wholly groundless, false or fraudulent. The Fund is to pay all costs taxed against members in any legal proceeding defended by the members, all interest accruing after entry of judgment, and all expenses incurred for investigation, negotiation or defense.

(15) COMPENSATED ABSENCES

The County has a policy of compensated annual vacation/personal leave from 6 to 40 days based upon years of service. The leave is cumulative and vesting, to a maximum of 320 hours, and any unused leave is payable upon the employee's termination, resignation, retirement, death, or request.

The County has a policy of compensated sick leave of 48 hours per year. The leave is cumulative and vesting, to a maximum of 160 hours, and any unused leave is payable upon termination, resignation, retirement or death. Any unused leave may be payable, under specific circumstances, upon request of the employee.

An estimated liability, in the amount of \$972,813, for unpaid vacation and sick leave is recorded in the government-wide financial statements. There is no liability for business-type activities. None of the government activities liability is recorded in the fund financial statements, because any payments, even those which would be paid in the next twelve months, if susceptible to a reasonable estimate, are expected to be liquidated with future resources.

The Catoosa County Health Department provides for vacation and sick leave, with specific vesting options. Complete disclosures are in the Health Department's separately issued financial statements. An estimated liability, in the amount of \$64,093 for unpaid vacation and sick leave is reported in the component units and government-wide statements of net position.

(16) DEFICIT FUND EQUITY

At September 30, 2022, the Solid Waste Management Authority has a net position deficit in the amount of \$6,006,945, resulting primarily from the liability for landfill postclosure care costs.

As discussed in Note 13, the Authority has a liability of approximately \$7.2 million to fund the estimated postclosure care costs. Effective with the fiscal year ending September 30, 2012, the Solid Waste Management Authority placed equipment in service which generates electricity from the methane generated by the landfill. The anticipated revenue from the sale of electricity is expected to fund a portion of the liability for postclosure care costs. It is anticipated that the County general government will fund the remaining balance.

At September 30, 2022, the Emergency 911 Fund has a fund balance deficit in the amount of \$1,049 resulting primarily from the liability for accounts payable at year end.

CATOOSA COUNTY, GEORGIA
NOTES TO BASIC FINANCIAL STATEMENTS
SEPTEMBER 30, 2022

(17) JOINT VENTURE

Under Georgia law, the County, in conjunction with other cities and counties in the fifteen county northwest Georgia area, is a member of the Northwest Georgia Regional Commission (RC) and is required to pay annual dues thereto. During the year ended September 30, 2022, the County paid approximately \$54,000 in such dues. Membership in a RC is required by the Official Code of Georgia Annotated (OCGA) Section 50-8-34, which provides for the organizational structure of the RC in Georgia. The RC Board membership includes the chief elected official of each county and municipality of the area. OCGA 50-8-39.1 provides that the member governments are liable for any debts or obligations of an RC.

Separate financial statements may be obtained from –
Northwest Georgia Regional Commission
P. O. Box 1798
Rome, Georgia 30162-1793

(18) TAX ABATEMENTS

During the year ended September 30, 2018, the County implemented GASB Statement No. 77, *Tax Abatement Disclosures*. This Statement requires state and local governments to disclose tax abatement agreements entered into by other governments that reduce the reporting government's tax revenues. Catoosa County enters into property tax abatement agreements with local businesses for the purpose of attracting or retaining businesses within their jurisdictions. The abatements may be granted to any business located within or promising to relocate to Catoosa County.

For the fiscal year ended September 30, 2022, Catoosa County abated property taxes due to the County that were levied on August 31, 2021 and due on December 20, 2021 totaling \$88,426. Included in that amount abated, the following are individual tax abatement agreements that each exceeded 10.00% percent of the total amount abated:

- A property tax abatement to a local manufacturer of consumer goods for continued investment in operations and local employment. The abatement amounted to \$34,151.
- A property tax abatement to a local manufacturer of consumer goods for continued investment in operations and local employment. The abatement amounted to \$4,211.
- A property tax abatement to a local manufacturer of consumer goods for continued investment in operations and local employment. The abatement amounted to \$5,656

(19) DONATIONS

During the year ended September 30, 2022, the Economic Development Authority approved acceptance of a donation of property and equipment located inside Catoosa County with an appraised value of \$9,708,000. The County paid approximately \$295,000 in fees related to the acceptance of this donation.

CATOOSA COUNTY, GEORGIA
CATOOSA COUNTY HEALTH DEPARTMENT (COMPONENT UNIT)
NOTES TO REQUIRED SUPPLEMENTARY INFORMATION
EMPLOYEES' RETIREMENT SYSTEM
JUNE 30, 2022

Changes in assumptions: On December 17, 2015, the Board adopted recommended changes to the economic and demographic assumptions utilized by the System. Primarily among the changes were the updates to rates of mortality, retirement, disability, withdrawal and salary increases.

On March 15, 2018 the Board adopted a new funding policy. Because of this new funding policy, the assumed investment rate of return was reduced from 7.5% to 7.4% for June 30, 2017 actuarial valuation. In addition, based on the Board's new funding policy, the assumed rate of return was further reduced by 0.10% from 7.4% to 7.3% as of the June 30, 2018 actuarial valuation.

On December 17, 2020, the Board adopted recommended changes to the economic and demographic assumptions utilized by the System based on the experience study prepared for the five-year period ending June 30, 2019. Primary among the changes were the updates to rates of mortality, retirement, withdrawal, and salary increases. This also included a change to the long-term assumed investment rate of return to 7.00%. These assumption changes are reflected in the calculation of the June 30, 2021 total pension liability.

NOTES TO REQUIRED SUPPLEMENTAY INFORMATION
OPEB FUNDS
JUNE 30, 2022

(1) STATE OPEB FUND

Changes of benefit terms: There have been no changes in the benefit terms.

Changes in assumptions: The June 30, 2019 actuarial valuation lowered the inflation assumption from 2.75% to 2.50% in anticipation of the upcoming ERS Experience Study.

The June 30, 2020 actuarial valuation: decremental assumptions were changed to reflect the Employees Retirement Systems experience study.

The discount rate was updated from 3.09% as of June 30, 2016 to 3.60% as of June 30, 2017 to 5.22% as of June 30, 2018, to 7.30% as of June 30, 2019 and 7.06% as of June 30, 2020; and to 7.00% as of June 30, 2021.

(2) SEAD OPEB PLAN

Changes of assumptions: On December 17, 2015, the Board adopted recommended changes to the economic and demographic assumptions utilized by the System. Primarily among the changes were the updates to rates of mortality, retirement, disability, withdrawal and salary increases.

On March 15, 2018 the Board adopted a new funding policy. Because of this new funding policy, the assumed investment rate of return was reduced from 7.5% to 7.4% for June 30, 2017 actuarial valuation. In addition, based on the Board's new funding policy, the assumed rate of return was further reduced by 0.10% from 7.4% to 7.3% as of the June 30, 2018 actuarial valuation.

On December 17, 2020, the Board adopted recommended changes to the economic and demographic assumptions utilized by the Systems based on the experience study prepared for the five-year period ending June 30, 2019. Primary among the changes were the updates to rates of mortality, retirement, withdrawal, and salary increases. This also included a change to the long-term assumed investment rate of return to 7.00%. These assumption changes are reflected in the calculation of the June 30, 2021 total OPEB liability (asset).

CATOOSA COUNTY, GEORGIA
NOTES TO THE SCHEDULE OF EXPENDITURES
OF FEDERAL AWARDS
SEPTEMBER 30, 2022

Note 1. Basis of Presentation

The accompanying schedule of expenditures of federal awards includes the federal grant activity of Catoosa County, Georgia and is presented on the accrual basis of accounting. The information in this schedule is presented in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of, the basic financial statements.

Note 2. Summary of significant accounting policies

Expenditures reported on the Schedule are reported on the accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement. Catoosa County, Georgia has elected not to use the 10-percent de minimis indirect cost rate allowed under the Uniform Guidance.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

**To the Board of Commissioners
Catoosa County, Georgia**

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component unit, each major fund, and the aggregate remaining fund information of Catoosa County, Georgia as of and for the year ended September 30, 2022, and the related notes to the financial statements, which collectively comprise the County's basic financial statements and have issued our report thereon dated March 30, 2023. Our report includes a reference to other auditors who audited the financial statements of the Catoosa County Health Department, as described in our report on the Catoosa County, Georgia's financial statements. This report does not include the results of the other auditors' testing of internal control over financial reporting or compliance and other matters that are reported on separately by those auditors.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Catoosa County, Georgia's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Catoosa County, Georgia's internal control. Accordingly, we do not express an opinion on the effectiveness of Catoosa County, Georgia's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. We identified certain deficiencies in internal control, described in the accompanying schedule of findings and questioned costs as item 2022-001 that we consider to be a significant deficiency.

Chattanooga, Tennessee	78		423 267 5945 f

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Catoosa County, Georgia's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Catoosa County, Georgia's Response to Findings

Government Auditing Standards requires the auditor to perform limited procedures on Catoosa County, Georgia's response to the findings identified in our audit and described in the accompanying schedule of findings and questioned costs. Catoosa County, Georgia's response was not subjected to the other auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on the response.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Johnson, Wickey & Menckem, P.C.

Chattanooga, Tennessee
March 30, 2023

**INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH
MAJOR PROGRAM AND ON INTERNAL CONTROL OVER
COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE**

**To the Board of Commissioners
Catoosa County, Georgia**

Report on Compliance for Each Major Federal Program

Opinion on Each Major Federal Program

We have audited Catoosa County, Georgia's compliance with the types of compliance requirements identified as subject to audit in the OMB *Compliance Supplement* that could have a direct and material effect on each of Catoosa County, Georgia's major federal programs for the year ended September 30, 2022. Catoosa County, Georgia's major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

In our opinion, Catoosa County, Georgia complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended September 30, 2022.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditors' Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of Catoosa County, Georgia and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of Catoosa County, Georgia's compliance with the compliance requirements referred to above.

2215 Olan Mills Drive	jhmcpa.com	421	423 756 0052 t
Chattanooga, Tennessee	80	37421	423 267 5945 f

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to Catoosa County, Georgia's federal programs.

Auditors' Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on Catoosa County, Georgia's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about Catoosa County, Georgia's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding Catoosa County, Georgia's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of Catoosa County, Georgia's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of Catoosa County, Georgia's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control over Compliance

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over

compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditors' Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Johnson, Niskey & Meucham, P.C.

CATOOSA COUNTY, GEORGIA
SCHEDULE OF FINDINGS AND QUESTIONED COSTS
SEPTEMBER 30, 2022

A. SUMMARY OF AUDIT RESULTS

1. The independent auditors' report expresses an unmodified opinion on whether the financial statements of Catoosa County, Georgia were prepared in accordance with GAAP.
2. One significant deficiency was reported and no material weaknesses were identified during the audit of the financial statements.
3. No instances of noncompliance material to the financial statements of Catoosa County, Georgia were disclosed by the audit.
4. No significant deficiencies were reported and no material weaknesses were identified during the audit of the major federal award program.
5. The auditors' report on the major federal awards program for Catoosa County, Georgia expresses an unmodified opinion.
6. Audit findings that are required to be reported in accordance with 2 CFR Section 200.516(a) are reported in this schedule.
7. The programs tested as major programs were:
 - U.S. Department of Treasury
 - COVID – Coronavirus State and Local Fiscal Recovery Funds - CFDA 21.027
8. The threshold for distinguishing Type A and B programs was \$750,000.
9. Catoosa County, Georgia was determined to be a low-risk auditee.

B. FINDINGS - FINANCIAL STATEMENTS AUDIT

Current Year Findings

2022-001 Segregation of Duties

Condition

Audit tests revealed inadequate segregation of duties surrounding the Clerk of Courts check signing and reconciliation procedures whereby check signors also perform bank reconciliation functions.

Criteria

Controls should be in place to ensure proper segregation of duties are in place to prevent and detect fraud.

Effect

The effect of a lack of segregation of duties surrounding cash procedures could lead to misstatement of accounts, fraud or error.

CATOOSA COUNTY, GEORGIA
SCHEDULE OF FINDINGS AND QUESTIONED COSTS
SEPTEMBER 30, 2022

B. FINDINGS - FINANCIAL STATEMENTS AUDIT (continued)

Current Year Findings (continued)

2022-001 Segregation of Duties (continued)

Recommendation

Controls should be in place that ensure bank accounts are being reconciled by individuals who do not have check signing abilities.

Views of Responsible Officials

Concur. Management is working on finding a solution to the problem.

Prior Year Findings Corrected

2021-001 Capital Assets

Condition

Audit tests revealed capital assets were not being recorded at appropriate amounts. This has been resolved during the current year and the finding is closed as of September 30, 2022.

2021-002 Garage Inventory

Condition

Audit tests revealed that proper accounting and recording of garage inventory was not being followed. This has been resolved during the current year and the finding is closed as of September 30, 2022.

B. FINDINGS AND QUESTIONED COSTS – MAJOR FEDERAL AWARD PROGRAMS AUDIT

Current Year Findings

None

Prior Year Findings

None

Greg S. Griffin, State Auditor
State of Georgia, Department of Audits and Accounts
270 Washington Street, S.W., Room 1-156
Atlanta, Georgia 30334-8400

RE: Corrective Action Plan for Catoosa County, Georgia
FYE: September 30, 2022

Dear Mr. Griffin:

Please find below our response and corrective action plan for the findings identified in our audit report for the fiscal year indicated above.

Audit Finding:

2022-001 Segregation of Duties

Condition:

Audit test revealed inadequate segregation of duties surrounding the Clerk of Courts check signing and reconciliation procedures whereby check signors also perform bank reconciliation functions.

Recommendation:

Controls should be in place that ensure bank accounts are being reconciled by individuals who do not have check signing abilities.

Response:

Management concurs with the finding. The Clerk of Courts has separate bank accounts. Their staff that signs the checks also reconciles the bank statements and they do not have enough staff to cross-train in this area. Accounting planned to review the statements monthly but due to unforeseen staffing shortages, was not able to complete on a timely basis.

Corrective Action Plan:

As the Chief Financial Officer, I am responsible for this Corrective Action Plan. We will take the following corrective steps:

1. We have hired an additional accountant.
2. Monthly, the staff accountant will go to the Clerk of Courts office and review the reconciliations and bank statements.
3. This action plan will be completed by September 30, 2023.

If you have any questions regarding the above, you can contact me at (706)965-0562 or rachel.clark@catoosa.com.

Sincerely,

A handwritten signature in blue ink that reads "Rachel Clark".

Rachel Clark
Chief Financial Officer

Johnson, Hickey & Murchison, P.C.

SPECIAL LOCAL OPTION SALES TAX

**INDEPENDENT AUDITORS' REPORT ON
SPECIAL 1 PERCENT SALES AND USE TAX**

**To the Board of Commissioners
Catoosa County, Georgia**

We have audited the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Catoosa County, Georgia, as of and for the year ended September 30, 2022, and the related notes to the financial statements, which collectively comprise the County’s basic financial statements, and have issued our report thereon dated March 30, 2023. We have also audited the accompanying schedules of the County’s projects constructed with special local option sales tax funds, for the year ended September 30, 2022, (the specific projects allowed having been identified in resolutions dated June 17, 2008, January 15, 2013, and February 6, 2018, calling for imposition of the special sales and use tax authorized by Section 48-8-110 OCGA). These schedules are the responsibility of the management of Catoosa County, Georgia. Our responsibility is to express an opinion on the schedules based on our audit.

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors’ report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

In our opinion, the schedules of the County’s projects constructed with special local option sales tax funds, as referred to above, present fairly, in all material respects, the amounts of projects constructed with proceeds from the County’s special local option sales tax for the year ended September 30, 2022, in conformity with accounting principles generally accepted in the United States of America.

This report is intended solely for the information and use of the Board of Commissioners, management, others within the organization, and state regulatory agencies and is not intended to be and should not be used by anyone other than these specified parties.

Johnson, Hickey & Murchison, P.C.
